Dear Kim, Nicole, Michelle, Kirsten and the whole Net Balance Team!

More than a week has now passed since the Banksia Awards. As a company & as individuals we are still coming to grips with being awarded the Gold Banksia – which you of course witnessed first hand!

We were all totally surprised & indeed shocked! In fact so much so that when called upon for a response on the night, I was dumbfounded. There are so many people I would have liked to have thanked publicly for their support & encouragement.

Without the encouragement & support of organizations & people such as yourself, people & businesses like ours would not have the confidence to go the distance we have in the sustainable journey. So, please accept my heart felt thanks from the family & all the crew at Ferguson Plarre Bakehouses.

I think the real thrill about the award is that it truly reinforces the vision that, as businesses, we can all continue to grow & develop a better business as a result of vigorously pursuing sustainable practices.

Your support played a vital part in helping us believe in ourselves & encouraged us to take the next step, & continue to think outside the square.

We value this award hugely & see it as a major responsibility for us to do all we can to further the sustainability cause.

You can rest assured that as a company & as individuals, we will keep the pedal to the metal in all areas of sustainability & if there is any way we can be of assistance to you to further this cause we would be only too happy to help.

Kindest of regards,

RALPH PLARRE
